DAMPSEAL

INTERIOR | EXTERIOR

Solvent-based waterproofer

Impermeabilizante à base de solvente

Combats the effects of rising & penetrating damp
Forms an impenetrable barrier against water & dissolved salts
Excellent adhesion to both wet and dry substrates
Protects against paint peeling and efflorescence
Combate os efeitos da humidade crescente e penetrante
Forma uma barreira impenetrável contra água e sais dissolvidos
Excelente adesão a substratos húmidos e secos
Protege contra descascamento e eflorescência de tinta
